HELLO KAMALA, YOU'RE FIRED

An iceberg floating in the ocean. The tip of the iceberg is above the water line, and the rest of the iceberg is submerged. The text labels are placed on the iceberg. The labels are: DR. (on the left side of the submerged part), CDC (on the right side of the submerged part), BIG PHARMA (in the center of the submerged part), and OBAMA ADMIN (at the bottom of the submerged part).

PSYCH WARD

“Historically, the claim of consensus has been the first refuge of scoundrels; it is a way to avoid debate by claiming that the matter is already settled. Whenever you hear the consensus of scientists agrees on something or other, reach for your wallet, because you’re being had. The greatest scientists in history are great precisely because they broke with the consensus.”

~MICHAEL CRICHTON
